Product

CEBOVEL S

Description

CEBOVEL S is a water based, acrylic, transparent, washable finish with satin look, for interiors and exteriors.

When applied by glove or sponge to white DECORVEL, allows to create soft glazes with distinctive chromatic shades.

CEBOVEL S is available in 1 litre, 2.5 litres and 5 litres containers.

Surface treatment of the substrate

It is applied, suitably coloured, to surfaces prepared with white DECORVEL, to reach the desired decoration.

Colouring

CEBOVEL S can be coloured with CeboColorStation tinting system or with CEBOKIT universal colorants in the quantities indicated on our Colour Cards. It is also possible to create different shades in addition to those presented on our Colour Cards by varying the quantities or by mixing different colorants. If more than one pack has to be produced in the same colour, it is advisable to use bases and colorants carrying the same lot number.

Application

CEBOVEL S is ready-to-use and must be applied by glove or sponge in two coats: dip the chosen tool in the product and decorate the surface in uniform, circular movements keeping the hand flat and light.

Wait until the first coat is completely dry (4 to 6 hours) and apply the second, in the same or different colour, with the same technique.

CEBEVEL S can be applied in one coat to attain an uneven effect and a subtler colour.

Useful suggestions

VOC Classification (2004/42/CE Directive)

Product category: Decorative effect coating (I)
Maximum VOC content limit value (2010) for the ready-to-use product: 200 g/l.
CEBOVEL S contains: 35 g/l VOC

Technical characteristics
