Product

CEBODREAM

Description

CEBODREAM is a powder additive based on precious metallic flecks specifically studied to be added to Cebos finishing to obtain a more sparkling and a precious metallic appearance.

CEBODREAM is available in three versions: **401** (silver), **402** (gold), **403** (copper).

CEBODREAM is available in 25 grams and 125 grams containers.

Surface treatment of the substrate Colouring

CEBODREAM shall not be coloured.

Application

CEBODREAM is used with the multicolour interior finishing CEBOFREE WHITE and CEBOFREE BLACK.

Carefully mix CEBODREAM and CEBOFREE WHITE or BLACK in the following proportions:

CeboFree White/Black	CeboDream
Pack of 4 lt	125 g
Pack of 1.6 lt	2 x 25 g

Refer to the relative Colour Card to choose the colour combination and for full description of the application cycle.

Useful suggestions

CEBODREAM pack is transparent and graduated to help in measuring quantities inferior to 500 ml.

VOC Classification (2004/42/CE Directive)

Product not included in the annex
CEBODREAM contains: 0 g/l VOC

Technical characteristics

Appearance: powder
pH: 6 – 8

Storage

Store the product in its original containers, tightly closed at ambient temperature between +5°C and +35°C, in a cool and well-ventilated place, sheltered from direct sunshine and heat sources.

Safety warnings

CEBODREAM does not require any specific personal or environmental protection measures; it is however advised to avoid long contact with skin. In case of contact with eyes, rinse immediately with plenty of water; if irritations persist seek medical advice. If swallowed, seek medical advice immediately. The users' information is contained in the relative Safety Data Sheet.

This data sheet annuls and substitutes any previous version for this product. All the technical information herein stated come from our best experience: in any case however this Technical Data Sheet does not imply the liability of our Company for application of the product which is carried out beyond our control. Our Technical Department is at the users' service to provide additional information or clarifications.
