

TECHNICAL DATA SHEET

TDS 06.001

Product	ECOCERA
Description	<p>ECOCERA is a water based natural wax based on white beeswax and Marseille soap that are hot emulsified. It is used to uniform and increase the natural brightness of CeboArt line polished plasters. ECOCERA has a velvety touch, it is water repellent and non-yellowing. It protects all surfaces finished with Stucco or Marmorino or other lime based smooth finishes.</p> <p>ECOCERA is available in 1 litre and 2 litres containers.</p>
Surface treatment of the substrate	ECOCERA must be applied over CEBOART PINTURA, MARMORINO and POZZOLANO perfectly dry..
Colouring	ECOCERA shall not be coloured.
Application	Carefully mix the product. Should it appear too dense, dilute with 5% of warm water to bring it to the liquid state. Apply ECOCERA only when the CeboART finish is completely dry (minimum 24 hours). Use a synthetic sponge avoiding excess of product; polish the surface with a woollen cloth within 30-40 minutes.
Useful suggestions	To remove ECOCERA sandpaper the surface with fine sandpaper until it becomes matt.
VOC Classification (2004/42/CE Directive)	Product category: Product not included in the annex. ECOCERA contains: 0 g/l VOC
Technical characteristics	Estimated Coverage: 30 m ² /litre. Appearance: liquid Specific weight: 1.00 g/cm ³ pH: n.a. Resistance to washing: The product withstands ordinary cleaning maintenance. Drying time: 24 hours according to ambient temperature and relative humidity.
Storage	Store the product in its original containers, tightly closed at ambient temperature between +5°C and +35°C, in a cool and well-ventilated place, sheltered from direct sunshine and heat sources.
Safety warnings	ECOCERA does not require any specific personal or environmental protection measures; it is however advised to avoid long contact with skin. In case of contact with eyes, rinse immediately with plenty of water; if irritations persist seek medical advice. If swallowed, seek medical advice immediately and show the safety data sheet of the product.
