

TECHNICAL DATA SHEET

TDS 06.001

Product	CEBOFLOS
Description	<p>CEBOFLOS is a water based natural wax based white beeswax and prestigious additives; it is soft to the touch and water repellent.</p> <p>CEBOFLOS is available in 800 ml and 2 litres containers.</p>
Surface treatment of the substrate	<p>CEBOFLOS, suitably coloured, must be applied over CEBORUSTIK to give the final decorative appearance and to provide water repellence to the surface, without altering the characteristics of water vapour permeability of the support.</p>
Colouring	<p>CEBOFLOS can be coloured with CeboColorStation or with CeboKit universal colorants in the quantities indicated on our Colour Cards. It is also possible to create different shades in addition to those presented on our Colour Cards by varying the quantities or by mixing different colorants. If more than one pack has to be produced in the same colour, it is advisable to use bases and colorants carrying the same lot number.</p>
Application	<p>CEBOFLOS is ready to use and must be applied over CeboRustik perfectly dry, with a synthetic sponge or other tool. Wait until the product is completely dry then go over the surface with a woollen cloth or a glove to remove excess of product and polish the surface.</p>
Useful suggestions	
VOC Classification (2004/42/CE Directive)	<p>Product category: Decorative effect coating (I) Maximum VOC content limit value (2010) for the ready-to-use product: 200 g/l. CEBOFLOS contains: 3 g/l VOC</p>
Technical characteristics	<p>Estimated Coverage: 20 m²/litre. Appearance: liquid Specific weight: 1.00 g/cm³ pH: n.a. Resistance to washing: The product withstands ordinary cleaning maintenance. Drying time: 24 hours according to ambient temperature and relative humidity.</p>
Storage	<p>Store the product in its original containers, tightly closed at ambient temperature between +5°C and +35°C, in a cool and well-ventilated place, sheltered from direct sunshine and heat sources.</p>
Safety warnings	<p>CEBOFLOS does not require any specific personal or environmental protection measures; it is however advised to avoid long contact with skin. In case of contact with eyes, rinse immediately with plenty of water; if irritations persist seek medical advice. If swallowed, seek medical advice immediately and show the safety data sheet of the product.</p>
