

## TECHNICAL DATA SHEET

TDS 01.003

### Product

### CEBOFIX PRIMO

### Description

CEBOFIX PRIMO is a white, water based, acrylic fixative.

It is used for substrate preparation for interiors.

The white appearance and the specific formulation allow CEBOFIX PRIMO to uniform the absorption of the substrate, improve the application, the coverage and the chromatic harmony of the following coats of Cebos finishes.

It is especially recommended in case of substrates which are absorbent, non-homogeneous or repaired with levelling paste.

CEBOFIX PRIMO is available in 1 litre, 5 litres, 10 litres containers.

### Surface treatment of the substrate

It can be applied over substrates based on gypsum, lime or cement fine rendered mortar, properly restored and free from dust and foreign substances.

### Colouring

CEBOFIX PRIMO shall not be coloured.

### Application

CEBOFIX PRIMO can be applied by brush, diluted with 25-30% water, in one or more coats according to the absorption of the substrate.

Wait until the product is completely dry (minimum 24 hours) before the application of the chosen Cebos finish.

### Useful suggestions

### VOC Classification (2004/42/CE Directive)

Product category: Binding primers (h).

Maximum VOC content limit value (2010) for the ready-to-use product: 30 g/l.

CEBOFIX PRIMO contains: 12 g/l VOC

### Technical characteristics

Estimated Coverage: 10-12 m<sup>2</sup>/litre per coat.

Appearance: liquid

Specific weight: 1.36 g/cm<sup>3</sup>

pH: 8.5 - 9

Drying time: 4-6 hours between coats; complete drying after at least 24 hours according to ambient temperature and relative humidity.

### Storage

Store the product in its original containers, tightly closed at ambient temperature between +5°C and +35°C, in a cool and well-ventilated place, sheltered from direct sunshine and heat sources.

### Safety warnings

CEBOFIX PRIMO does not require any specific personal or environmental protection measures; it is however advised to avoid long contact with skin. In case of contact with eyes, rinse immediately with plenty of water; if irritations persist seek medical advice. If swallowed, seek medical advice immediately and show the safety data sheet of the product.
