Product

CEBOTOP FINITURA

Description

CEBOTOP FINITURA is a water based, acrylic, transparent, washable finish for interiors, with special pearly pigments.
When applied by sponge or rag stippler to CEBOTOP FONDO allows to create refined damask effect with nacreous reflections.

CEBOTOP FINITURA is available in 1 litre and 2 litres containers.

Surface treatment of the substrate

It is applied, suitably coloured, to surfaces prepared with CEBOTOP FONDO to reach the desired decoration.

Colouring

CEBOTOP FINITURA can be coloured with CeboColorStation tinting system or with CEBOKIT universal colorants in the quantities indicated on our Colour Cards. It is also possible to create different shades in addition to those presented on our Colour Cards by varying the quantities or by mixing different colorants. If more than one pack has to be produced in the same colour, it is advisable to use bases and colorants carrying the same lot number.

Application

Dilute CEBOTOP FINITURA maximum 10% with water and spread a small quantity of product on a palette: wet chosen tool (marine sponge or rag stippler) then dip it into the product; eliminate the excess of material and gently dab on the surface avoiding overlapping of layers.
