Revision No.2

Revision date: 15/07/2019

## **DATA SHEET ST C.005**

#### **CEBOGRANIT**

## Description

Breathable decorative coating for indoor and outdoor, based on acrylic resins and natural sands coated with pigments highly resistant to sunlight and weathering. It allows to obtain surfaces with an opaque and uniform appearance characterized by a delicate pitting. The opacity, the high mechanical resistance, the low dirt grip, make CeboGranit the ideal solution for the decoration of homes, public environments (shops, offices, hotel facilities, stairs and entrances) and high-quality exteriors.

#### Packs available

3 Lt - 15 Lt

#### **Staining**

The product can be stained with the CeboColorStation tintometric system or with the CeboKit universal dyes in the dosages shown on the color charts. Different colors are possible from those of the folder, varying the dosages provided and/ or mixing the dyes. Since you have to prepare several packs of the same color it is advisable to use dyes and products with the same batch of production.

#### Dilution

Unforeseen.

#### Mixing

Mix the product well before use.

#### **Suitable supports**

All plaster, lime and civil supports are suitable. Check that the funds are perfectly clean, dry and uniform in appearance and absorption.

#### Media preparation

Apply with short coat roller CeboFix R white diluted to 20-30% by volume with water, in one or two coats until the bottom is completely covered.

#### **Application**

CeboGranit is applied in two coats with steel trowel, wait for the drying of the first coat (minimum 12 hours) before proceeding with the second.

Application information is contained in videos, folders, and catalogs.

### **Technical features**

Drying time: 24 h

Theoretical yield: 1.2-1.4 m2/litre

Physical appearance: Thick, white paste

Specific Weight: 1,75g/cm3

pH: 8.5-9.5

# **VOC classification** (Directive 2004/42/EC) Product category: Decorative effect paints (1)

Maximum permitted limit (2010) for ready-to-use product 200 g/l

CeboGranit contains VOC: 30 g/l
